

Dear Parents,

A new business in town, Rapid Refill Ink, “RRI”, located at 1231 Eastchester Drive, is providing the Wesleyan Christian Academy PTO with an exciting fundraising opportunity for our school. It is a very simple, no cost program.

The program involves our students and/or parents/grandparents etc. bringing empty ink and toner cartridges to our school and placing them in a cartridge donation center box located in the office foyer near canopy “A”. That’s it!

By participating in this program, our school will:

- 1. Earn money for each laser and inkjet cartridge collected.**
- 2. Help eliminate waste from landfills and conserve oil.**

Each ink cartridge is worth up to \$3.00 and toner cartridges up to \$5.00. RRI will pick up the donated cartridges monthly and send us a check for them each month.

All you need to do to participate is to get the cartridges to the school as they become available. You may also get the message out to your friends, neighbors, alumni, work associates etc. that our school is collecting empty ink and toner cartridges. If you have affiliations with businesses or organizations that are presently disposing of their cartridges, perhaps they will allow you to bring them to our school instead.

Your time and consideration of this opportunity are greatly appreciated. Please participate in this program and help your school.

Sincerely,

**Doug Rogers
Wesleyan Christian Academy PTO**
